To whom it may concern:

It is with pleasure that I write to support Kasia Sokalla's application for grant funding. I am familiar with Kasia's music and can recommend her as a talented and entertaining artist. She is very interested in bringing diverse musical experiences to people of all ages. I am especially appreciative of her interest in community service through music. For example, a few years ago our local Multiple Sclerosis support group which meets here at the library was seeking entertainment for their holiday party; I knew Kasia would gladly donate her time and talent to help them celebrate. Now they anxiously look forward to her visit each December.

Here at the Nevins Library we provide a wide range of cultural and educational programs for people of all ages, and I believe that Kasia's musical program is an excellent way to bring a different type of musical performance to any community that is seeking to do the same.
