To Whom It May Concern,

I understand that Katarzyna Sokalla is seeking scholarship money for her continued musical study. While Katarzyna has only been a student at Berklee for a short time, I am please to offer the following recommendation.

I teach a number of ear training electives at Berklee. These classes attract only the best, most musically advanced students. Katarzyna was a student in one such class, Advanced Ear Training. She was, without doubt, one of the best students I have ever had; Her basic musical skills, performance concentration, eagerness to work on challenging material, and willingness to help other students in class work was of the highest level. Indeed, I felt that she could, with only a little coaching, teach the class herself. She is, without doubt, a very accomplished musician.

I am also aware that Katarzyna is excellent in her other studies; She is currently carrying a Grade Point Average of 3.87. If she continues her excellent performance in her studies as she has thus far, Katarzyna is destined to graduate Berklee Summa Cum Laude.

It is clear to me that, from a musical and academic standpoint, Katarzyna is most qualified for a scholarship. I give her my strongest recommendation.

If you have any questions about this recommendation or would like more information, please do not hesitate to call me.

Sincerely,

Stephen H. Prosser, Ph.D.
Assistant Chair, Ear Training
